The group show features a diverse lineup of talented artists, including **Ador, Kathy Ager, Antonio Ainscough,** and many more.

During the week leading up to the exhibition opening, Super A and Collin van der Sluijs have also created mesmerizing mural-scale works for the permanent STRAAT collection.

STRAAT Gallery

Our mission is to highlight the diversity and prominence of global street art and graffiti culture by showcasing the past, present and future of Urban Contemporary Art. We use our agile and intimate gallery space to tell focused and relevant stories that help to define the impact of our worldwide movement.

LAX / AMS : Running from June 17th - July 30th, 2023.

About the artists

Super A (Stefan Thelen, 1981, NL) manipulates familiar iconography into mind-bending inquisitive pieces, incorporating playful realism.

Collin van der Sluijs (1980, NL) is widely recognized for his extraordinary dream-like depictions of everyday stories, and in particular wildlife imagery.

Thinkspace Projects was established in 2005 and has since garnered an international reputation as one of the most active and productive exponents of the New Contemporary Art Movement. Founded in the spirit of forging recognition for young, emerging, and lesser-known talents, the gallery is now home to artists from all over the world, ranging from the emerging, mid-career, and established.
