For Immediate Release
'DIRECTION | INSTRUCTION'
(ABSTRACTION IN STREET ART AND GRAFFITI)

STRAAT is proud to present the traveling group exhibition 'Direction | Instruction'. The exhibition features more than 25 contemporary artists from 11 countries.

A clear departure from the highly illustrative work that identifies the global mural genre, this exhibition celebrates abstraction, alternative materials, composition and language as counterpoint expressions in street art and graffiti. This also marks the first installment of this acclaimed group show in Europe.

The exhibition opens on Saturday November 12th, 2022 with a free reception at STRAAT from 5 - 9 pm.

In addition to the gallery exhibition, several of the participating artists, including Remi Rough, Bisco Smith, Anti Goon, Tony Van Amsterdam and Tomislav Topic, will be adding new large scale permanent works to the main hall STRAAT collection.

The gallery exhibition is open to the public as part of a regular museum admission ticket, Wed - Sun from 10 - 18hr.

A special press preview presentation will be held on the day of the exhibition by RSVP between 3 - 5 pm on November 12th, 2022.

Artist interview opportunities or other press inquiries can be directed to STRAAT Gallery assistant:
Zoe Elizabeth Gottehrer at zoe@straatmuseum.com
